Invitation to Peer Exchange Participants

INVITATION: TPM Pooled Fund Peer Exchange at the MnDOT Central Office TEC Center in St. Paul, Minnesota

You are invited to participate in the Transportation Performance Management (TPM) Pooled Fund Peer Exchange, which will be held at the MnDOT Central Office TEC Center, located at 395 John Ireland Boulevard, in St. Paul, Minnesota on November 14th and 15th, 2019. This opportunity is open to State DOT and MPO members of the TPM Pooled Fund. We will start at 12:00 PM on Thursday, November 14th and end at noon on Friday, November 15th.

The purpose of the peer exchange is to advance the state of TPM practice, including sharing lessons learned and discussing the ingredients for good TPM implementation. Agencies will share how they are managing short- and long-term system performance and balancing investment decisions. A focus for discussion will be how agencies are setting targets and managing targets in the context of performance-based planning, budgeting, and management.

Participants will gain knowledge of the resources available to support TPM implementation and share their TPM implementation experience. They will have a dialogue about what the next generation TPM will look like and how TPM has improved system performance in their organizations and with their partner organizations. They will engage in a process to help prioritize future TPM research and implementation initiatives for FHWA, AASHTO and TRB.

One peer exchange member per TPM Pooled Fund Member agency will be eligible for reimbursement of travel expenses and lodging for one night (subject to travel policies). Agencies that are only participating in Task #4 will not be eligible for reimbursement. We will follow up with details to confirmed attendees regarding reservation logistics and the process for getting reimbursed for eligible expenses, and with agency roles in the peer exchange.
